**RETRACTION**

# Retraction: Application Research of Music Therapy in Mental Health of Special Children

*International Journal of Mental Health Promotion* Editorial Office

Published: 03 November 2023

The published article titled “Application Research of Music Therapy in Mental Health of Special Children” [1] has been retracted from *International Journal of Mental Health Promotion*, Vol. 25, No. 6, 2023, pp. 735–54.

DOI: 10.32604/ijmhp.2023.026440

URL: <https://www.techscience.com/IJMHP/v25n6/52726>

Concerns were raised regarding significant overlap in research data and methodology identified with a previously published Master Thesis in Chinese [2]. The author acknowledged the act of plagiarism and agreed to the retraction. The article is therefore being retracted at the request of the Editor-in-Chief and the editorial board, as well as with the agreement of the author.
